NO WINTER PUMPING

Dear CWPDA Member:

Once again, many of you will no longer be pumping your wells during the winter months so you will have the same meter reading throughout the rest of the season. Many of you have already verbally requested that we put you on a "No Winter Pumping" list. In order for us to do this, we need the necessary information to continue to correctly report to the State each month. If you are interested and will no longer have any pumping on your meter(s), we ask that you please fill out the pertinent information below, sign, and date. We will use this information to correctly report for you until the date you request. If you choose to take advantage of this opportunity, we will also take you off the mailing list or email list and not send your monthly usage sheet, unless you request one. Please keep in mind that, if for any reason, you have any pumping after having signed this form, it is your responsibility to report to us a different meter read so that your correct usage is recorded correctly without penalty. We hope that this will be helpful to both you and the office staff at CWPDA. Thank you for your time and cooperation. If you have any questions or concerns, please feel free to contact the CWPDA office staff and we will be happy to assist you.

I, _____ (Printed Name), will no longer have any pumping until _____ (Date). Please report the following State ID #(s) and their current meter read(s) provided at the bottom of this sheet, unless otherwise informed. I understand that it is my responsibility to inform CWPDA of any pumping or changes between now and March 31. If I fail to do so, CWPDA is not liable for any of the non-reporter penalties.

_____ (Signature) _____ (Date)

| <u>Farm Unit #</u> | <u>CWPDA #</u> | <u>State ID #</u> | <u>Meter Reading</u> | <u>Reported (for office use only)</u> |
|--------------------|----------------|-------------------|----------------------|---------------------------------------|
